

I just heard that you (FCC) has ruled to allow Sinclair to FORCE its stations to air "Stolen Honor." Are there no more standards for stewardship of the public trust?

I can't BELIEVE your decision.

You have opened the door to allow any media conglomerate to air political propoganda non-stop prior to an election, ON the public airwaves, WITHOUT any accounting of the political contribution rules.

You have planted the seeds for using the public airwaves for any political agenda without factual veracity or for the opportunity for rebuttal.

Your decision goes a long way to destroying the public airwaves that are SUPPOSE to be the property of ALL Americans.
